

Focus on good quality and qualified service at fair prices

Our main motto is that we should always be able to stand by the work we do – ensuring satisfaction for both parties. This has been our approach since our inception in 1989.

Therefore, we take responsibility for EVERYTHING we undertake, and you are always welcome to contact us directly with any questions.

Supplier of Danish-produced quality furniture

DC Office Furniture A/S is a distributor of various quality product brands, and a significant portion of our deliveries includes custom-designed furniture. It is essential to understand all the strengths of the partners we collaborate with. We take pride in translating our customers' needs into tangible actions and, ultimately, into a finished and unique product.

All types of tasks for private and public companies are handled – including custom sizes

Our staff has extensive experience in the industry, and everyone in the company is conscious that the customer should have a positive experience throughout the process – from analyzing the customer's needs to delivery and finally, a correct invoice. We handle all tasks – even if you require furniture in custom sizes.

This approach has proven to be a successful strategy, resulting in a healthy and loyal customer base, many of whom come through recommendations. Our customers comprise an equal mix of both public institutions and private companies. Many customers have been in collaboration with us for 15-20 years.

Always friendly installers who quickly deliver and assemble your furniture

Delivery and assembly are natural parts of our service, which we prioritize. A 700 m² warehouse/assembly facility handles this task. Our installers are fully aware that they are incredibly important, not only as good colleagues but also as ambassadors for DC Office Furniture. The last person who physically hands over the furniture to you as a customer is precisely our installer. We know that if we provide our installers with proper conditions, the right tools, and realistic time to complete the task, everything will be done punctually and with a smile. This adds value to our furniture solutions that cannot be bought with money.
